

Happy New Year! Dinosaur December was so much fun! We were able to explore different types of dinosaurs, what they did, ate, and how they moved. We also enjoyed celebrating Christmas throughout the month!

In January the class will focus on animals in the arctic. We will discuss how these animals stay warm and how they live in the snow. We will also continue working through the alphabet, learn new shapes, and continue counting and learning number names. We will also focus on name recognition and using the pincer grasp when writing.

IMPORTANT DATES:

1/15 School Closed-
Conferences

1/18 Gym

1/25 Pajama Day

**Theme: Animals in
the Arctic**

Letters: L, M, N, O

Shape: Star
