

Dear Families,
Dinosaur December was so much fun!
We were able to explore different types of dinosaurs, what they did, ate, and how they moved. We also enjoyed celebrating Christmas throughout the month. In January, we will learn about arctic and antarctic animals. We will discuss how these animals stay warm and how they live in the snow. We will also continue with our alphabet, learning letters O through Q. In our new year, we will be focusing on name recognition, by integrating it into many parts of our day. We can't wait to get 2022 started!
-Ms. Bergen & Mrs. Millroy

Important Dates

1/3 - Classes Resume
1/20 - Library
1/27 - Pajama Day

Week 1: Life in the Arctic, O & P
