SEASONS AND WEATHER

seasons,
weather, and
how to dress
for the
weather

FIRE SAFETY

Letters

Ll. Dd. Ss

Numbers 3, 4, 5

Shape: Square

Color: Yellow

Can you believe we have made it through almost a whole month of school already?! I am so proud of all of us! New routines, new friends, new rules... The students are working so hard on learning ALL of these new expectations! We have been having a lot of fun learning about each other and our families. We had a fire drill last week and the children did a great job!

As we head into October we will be learning about Fire Safety. We are hoping for a visit from a local fire fighter to teach us some important tips. We will practice the ever important "Stop. Drop. Cover, and roll." We will continue our discussions from the last month about safety, and about who helps keep us safe. We will continue to explore the various locations we named as our favorite places in our community. We are currently writing letters to friends in our classroom and will be learning more about how the postal system works!

We will also be focusing on the changing weather now that it is beginning to feel like fall. We will continue learning about the season of the year as a cycle. Within this topic we will explore how to dress for the weather and how animals adapt to the changing weather.

I am looking forward to another month of exciting conversations, explorations, and discoveries. We are available through the Brightwheel app, our preferred means of communication, if you have any questions or concerns. As well, Friday after 12:30 is a good time to reach us at the preschool, via telephone. If needed my school email address is Millroy.neffspreschool@gmail.com

Thank you so much for your participation in our classroom activities and for the generous donations. The classroom and school communities you are helping to build are so much appreciated!
