

March 2022

4's Newsletter

Millroy/Spiecher and Horwith/Lynch

Dear Families,

Our Fine Arts month has come to an end. The students had the opportunity to learn about different artists and different ways to represent art. Everyone enjoyed the numerous art projects we made this month. Many of the art projects will be featured in our school Art Show in April. In March we will also celebrate Dr. Seuss' Birthday on Monday, March 2nd in honor of "Read Across America Day" with themed activities and "Whacky Clothes" Day. We will also be focusing on the topic of growing while observing flowers, vegetables, fruits and trees and how they change overtime. The students will be recording individual observations as well as making individual grass people along with studying the growing sequence. We will have several activities that focus on how the students will be growing and changing. **Please send in a baby picture along with your child's height and weight at birth.** Please note: this picture will not be returned since we will be using it in an art activity. We will be having a "Career Day" to discuss what they would like to be when they grow up. **All students should come to school dressed in the Career Choice on March 28th.**

Theme: Growing

Week 1:

Letter: V,v
Number: 17
Shape: Review

Week 2:

Letter: Q,q
Number: 18
Shape: Oval

Week 3:

Letter: U,u
Number: 19
Shape: Review

Week 4:

Letter: Y,y
Number: 20
Shape: Review all
