

April Newsletter

Hello Families,

I hope everyone enjoyed their Spring Break! I can't believe it's already April we are in the homestretch of our school year! We accomplished so much in March, everyone has been showing so much progress each and every week! In April we will be starting a new unit about Bugs and Insects! I have a feeling that this unit is going to be a hit! Since we have gone through all the letters of the alphabet we will now discuss digraphs. As we take a deeper look at different bugs and insects we will also have caterpillars that we will observe and take care of. This will give students a great hands on experience where they can watch and observe real insects!

Week 1: Digraph: Sh, Butterflies

Week 2: Digraph: Th, Bees

Week 3: Digraph: Ch, Worms

Week 4: Digraph: Wh, Ladybugs

Please make sure to send in all the information regarding our sunflower project. This information includes a baby photo and your child's height and weight at birth. Please do this as soon as possible! I can't wait to see what we accomplish this month! If you have any questions feel free to message me via email or Brightwheel!

~Miss Broadhead & Mrs. Lynch

Upcoming Dates:

April 17th- Career Day

April 17th- Lunch Bunch

April 20th- Earth Day Event
