

DECEMBER

Dear Families,

During November in the 3 year old class, we learned about gratitude and the first Thanksgiving. We also worked on our alphabet and completed many activities with triangles. Next month we will learn about the prehistoric period, discussing different types of dinosaurs and how they lived. We will also continue with the alphabet and introduce rectangles. Christmas will be celebrated throughout the month, including a "Santa Sighting"! During our Zoom calls we will continue to work on patience and taking turns to talk. We will also continue to work on name recognition. We can't wait to begin Dinosaur December!

-Ms. H and Mrs. Lynch

Dinosaur December

Week 1: Introduce dinosaurs,
Letters J&K
