

4 year old class

Mrs. Puia/Mrs. DeNardo/Mrs. Millroy/Mrs. Moran

Curriculum Theme:
Science Lab: Matter

Week 1: Cooking/Baking

Letter: Ee

Number: 9

Noticing change in matter and recognizing
that everything is made of matter

Week 2: Measuring/Cookies

Letter: Hh

Number: 10

Shape: Star

Week 3: Freezing/Melting Snow

Letter: Bb

Number: Review #1-10

Color: Green

Investigating matter and testing predictions

Week 4: Winter Break

Important Dates:

12/04: Chapel

12/06: Stay and Play

12/09: Christmas Cookie Baking

12/11: Gym

12/13: Field Trip to see Pip the Mouse

12/18: Lunch Bunch

12/20: Christmas Party

12/21-1/01: Winter Break

Parents' Corner

Our holiday break is right around the corner and students will soon have extra time with family and friends. This is the perfect opportunity to continue some preschool lessons at home. Your student is the perfect age to begin playing board games with family members. While having fun, they learn how to take turns, be patient, extend their attention span and hopefully, lose and win gracefully.

There are also times that may be spent waiting in line or driving in the car. There are many games you can play to pass the time such as color searches, letter searches or even words if your child is ready. Have them find 5 things that are red or name a favorite object and then tell you the beginning sound. Make up your own games or search some online.

Enjoy your time together and have FUN!

Hello Parents,

Transitioning from Halloween to Thanksgiving to Christmas has made our classroom a busy place to be. The children seem to be enjoying all of the holiday inspired activities and there is still more to come! During November, the students learned about diversity, respect, emotions and the importance of sharing and taking turns. They also were introduced to the numbers 6,7 and 8 along with letters N, I, R and C. Our shape of the month was triangle and the color blue.

In December we will be incorporating science into the curriculum and learning about changes in matter while baking cookies, measuring and weighing objects and observing the freezing and melting of snow. On December 13th, we will enjoy a field trip to see the Lehigh Valley classic, Pip the Mouse. Followed by, our Christmas party on the 20th of the month. All families are welcome to join in on our holiday celebration as we share songs, make a Christmas craft and enjoy a visit from Santa Claus. Looking forward to another fun and festive month!
