Hello Families,

We cannot believe that November has come and gone so fast! It feels like we were just learning about space and singing Halloween songs. Since then, our class has been busy listening to stories and learning about authors and illustrators. We participated in virtual art projects and will also be creating our own story and illustrations. The students also learned about the meaning of being thankful, “Giving Thanks” on Thanksgiving and what everyone is ‘thankful for’. The teachers are thankful to all our families for sharing your children and patiently participating in virtual learning with us this year! In December, the children will continue to review the alphabet, numbers and learning the calendar. Our class will also explore Holidays Around the World, learn holiday traditions and symbols from various cultures and prepare for a possible “Santa Visit in Neffs”! Wishing all of you a Happy and Healthy Holiday Season and a Happy New Year!!!
