

Dear Families,

Happy New Year! Dinosaur December was so much fun! We were able to explore different types of dinosaurs, what they did, ate, and how they moved. We also enjoyed celebrating Christmas throughout the month. In January, we will learn about animals in the arctic. We will discuss how these animals stay warm and how they live in the snow. We will also continue working through the alphabet, shapes, and color mixing. We will also focus on name recognition and using our pincer grasp.

-Ms. Bergen, Mrs. Millroy, Mrs. Horwith, and Mrs. Denardo

Important Dates

1/3 - Classes Resume

1/16 - Conferences

1/26 - Pajama Day

Animals in the Arctic
