

Dear Families,
Dinosaur December was so much fun!
We were able to explore different types of dinosaurs, what they did, ate, and how they moved. We also enjoyed celebrating Christmas throughout the month. In January, we will learn about arctic and antarctic animals. We will discuss how these animals stay warm and how they live in the snow. We will also continue with our alphabet, learning letters M through P. We are so proud of the way the students have adapted and have been able to learn to take turns virtually. We will continue to practice this as well as working on recognizing our names without our pictures. We can't wait to get 2021 started!

-Ms. H & Mrs. Lynch

Important Dates

1/4 - Classes

Resume

1/6 - Box 9 Pick Up

1/28 - Pajama Day

Week 1: Life in the Arctic, M & N

Week 2: Arctic and Antarctic animals,

Week 3: How animals stay warm, O & P

Week 4: Hibernation, Monthly Wrap Up
